Eric Christensen Fine Art & Editions pairs again with UC Davis for the 8th Annual Wine Executive Program

"Toast at Sunset II" Size: 25.5"x 16"

This amazing watercolor painting created by Eric Christensen, **"Toast at Sunset II"** was inspired by a party at a home in Silverado overlooking Napa Valley.

Golden light from the setting sun creates the mood of this composition. Faces of friends and family can be seen in the reflections of the wine glasses and bottles. In one of them is a reflection of the artist!

"Toast at Sunset II" is currently available as a limited edition giclée. Commissions for original watercolor art by wine country's most celebrated artist, Eric Christensen are currently being accepted.

Eric Christensen Fine Art & Editions in association with **Gallery 1870** in Yountville, CA, has approved the limited use of this remarkable image by the University of California, at Davis. Their Graduate School of Management, ranked among the nations' best graduate schools, in conjunction with their world renowned Department of Viticulture and Enology have teamed up to present a top-level Wine Executive Program.

"Toast at Sunset II" will be featured on the cover of their **Wine Executive Program** brochure and in advertisements for the program in two national trade magazines. In addition, an elite group made up of the past seven years' program participants from nationally recognized wineries will receive the image on post cards and brochures. Eric Christensen Fine Art & Editions is pleased to participate in this mutually beneficial relationship with this outstanding program.
